

## PROFILE

To work in a competitive, Inspiring and respectful organization that offers opportunities for self-development and contribute my self to the growth of the organization.

## EDUCATION

**Bachelor of Technology in Computer Science & Engineering, Anurag University**

August 2022 – June 2025 | Hyderabad, India

**Diploma, TRR College of polytechnic**

June 2019 – May 2022 | Hyderabad, India

**Matriculation, Brilliant Grammar High School**

June 2018 – March 2019 | Hyderabad, India

## PROJECTS

### Library Management system

Designed an automated Library Management System. Through our software user can add members, add books, search books, update information, edit information, access information in quick time. Our proposed system has the following advantages.

- User friendly interface
- Fast access to database
- Less error
- More Storage Capacity
- Look and Feel Environment
- Quick transaction
- All the manual difficulties in managing the Library have been rectified by implementing computerization

As a result we have created a digital library management system offering people an efficient and user-friendly solution. This innovative system simplifies tasks such as adding books, search books, and access information in quick time, significantly enhancing the overall experience of managing and accessing resources in a digital library environment.

## INTERNSHIP

### BHARAT INTERN, Web Development

- I've designed a Temperature Converter website using HTML, CSS, and JavaScript. It allows users to seamlessly switch between Celsius and Fahrenheit by entering the temperature. The interface is user-friendly, enhancing the overall experience of converting temperatures effortlessly on the web platform.

## TECHNICAL SKILLS

**Programming Language : C**

Tools : HTML, CSS

## SKILLS

- Sharing Ideas and collaboratively work with others.
- I Will Identify and make suggestions for improvements when problems and/or opportunities arise.
- Keep up-to-date with developments in the area i work.
